FACULTY DATA MANAGEMENT SOFTWARE by THE WEB BLINDERS

Under the Esteemed guidance of
Sri. P. Penchal Prasad
Assistant Professor,
Department of C.S.E

By
Dinesh Uppara , Sameer Hussain

Why FACULTY WEB ?

- Manual process of Collecting data of Awards, Workshops, Papers etc and their Attachments for Professional bodies like NAAC, NIRF etc is a hectic process and takes a lot of time.

- Even if you collect data(usually via excel sheet), you have to work again to filter data as per requirements which again is time consuming.

- Using our software filtering & generating reports on faculty data can be done in a few seconds

- You don't have to repeat the whole process. Everything happens in a few button clicks.

Use Cases :

- **Use Case 1 :** Reports of Awards & achievements , Faculty Designations, Book publications, Patents etc in the NIRF requested format can be generated in a few seconds.

- **Use Case 2 :** A complete dynamic Professional bio data (including 20+ sections) of a faculty can be generated in the application etc

SECTIONS COVERED :
