

Dear Sir/Madam,

Greetings from NITTTR Bhopal !

I am delighted to inform you that NITTTR, Bhopal is offering a diverse array of training programmes catering to faculty and staff from both Technical Education and Higher Education Sectors. With the evolving educational landscape and the introduction of various Government of India initiatives such as Viksit Bharat and PM Gati Shakti, our training calendar for the year 2025-26 has been developed covering a broad range of areas. These include traditional areas like Induction Training for newly recruited teachers, as well as emerging fields such as AI, ML, IoT, Digital Twin, Drone Technology, AR, and VR, complemented by a blend of pedagogical principles.

Our calendar features a total of 326 training programmes, categorized under the following:

1. NEP 2020 Themes
2. Viksit Bharat @2047 Initiatives
3. PM Gati Shakti Scheme
4. Collaborative Training Programmes
5. Center of Excellence Lab Focused Training Programmes
6. Training Programme for Emerging Technology
7. CEL-OSAT-IIC Focused Training Programme
8. Outcome-Based Education
9. Induction Training Programmes (Phase I and Phase II)
10. Advanced Pedagogy and Core Teaching Skills
11. State-Specific Training Programmes
12. Department-Specific Training Programmes (Applied Science, Curriculum Development and Assessment, Computer Science and Engineering, Electrical and Electronics Engineering, Mechanical Engineering, Management, Media Research and Development, Technical and Vocational Education)
13. Training Programmes for Supporting Staff
14. Hindi Workshops

The titles of these programmes have been finalized in consultation with state authorities and through Training Needs Analysis conducted by our institute.

In compliance with government directives, participants deputed from government and government-aided institutions for training will have their travel, lodging, and boarding expenses covered by NITTTR, Bhopal.

For participants from private institutions, they are responsible for covering travel expenses and accommodation on a twin-sharing basis at Rs. 200.00 per day per participant. Food charges will be borne by the participant based on actual expenses incurred.

Attached to this email, you will find a soft copy of the Training Programme Calendar in PDF format. It includes details about the programmes, general guidelines for participants, and faculty contact information.

We kindly request your assistance in circulating the attached Training Programme Calendar 2025-26 among the Principals of Engineering Colleges and Polytechnics within your jurisdiction. A directive to depute faculty and staff members to avail themselves of these invaluable opportunities would greatly benefit their professional development.

For any inquiries or assistance, please feel free to contact Prof. (Mrs.) Chanchal Mehra, Chairman of the Calendar Committee, at mobile no. 8109585310 or via email at [cmehra@nitttrbpl.ac.in](mailto:cmehra@nitttrbpl.ac.in). Interested participants can register for the programmes through the POC portal of NITTTR, Bhopal, using the following link:

<https://erp.nitttrbpl.ac.in/poc2025/onlinemode/commonIndex.jsp>

We also kindly request you to upload the Training Programme Calendar 2025-26 on your website to facilitate wider circulation.

Thank you for your cooperation and support.

Thanks & Regards,

Dr. Sanjay Agrawal
