G. Pulla Reddy Engineering College, Kurnool

Cyber Security Olympiad 2021
In association with
International Olympiad Foundation for Skills, USA

The International Cyber Security Olympiad (ICSO 2021), is India's first & only college-level Olympiad, which focuses solely on Cyber Security & Ethical Hacking. ICSO also provides a platform for students to work on their Cyber Security skills and demonstrate them at a national & international level so that they have proof of knowledge when they apply for jobs in this field in the future.

The International Cyber Security Olympiad is focused on making the country more cyber aware and make sure students who are planning to pursue a career in the same, can have a platform to showcase their talents. *The top three performers of the ICSO, 2021 will be eligible to win Laptops, Tablets, Free Mentorrbuddy Subscription and also discount on International Certifications.*

All the interested II, III & IV B.Tech Students are informed to register for Cyber Security Olympiad-2021 on or before 31.10.2021. *All the registered students will be trained for 7 days on Cyber Security & Ethical Hacking Techniques through online mode.*All the participants are eligible for a participation certificate.
