

GPREC Android App Report

Students of our college built an Android app including its backend and launched it on the Google Play store during the academic year 2015-2016. The app enables the current and future students (and their parents) to know more about the college and fetch latest circulars, students' attendance and marks.

The client and server communicate using RESTful interface.

The app can be found on Google Play store here:

<https://play.google.com/store/apps/details?id=com.student.gprec&hl=en>

Faculty involved in requirements gathering, design and implementation:

M. Imtiaz Ur Rahaman

Students involved in building the app:

Guru Patnam

Balaji Palla

A cash recognition of Rs 10,000 was awarded to the students for their effort.
