A Report on “GPREC 2.0 Android App” developed in
2020

Abstract

GPREC 2.0 App allows the students to access their college. It helps the students to get the official notifications of the college directly from the website.

It can be used by the students, alumni, staff, and the people who are related to GPREC.

This app allows all users to safely access what they require when they require and give easy access to the information.

Features at a Glance

- User-Friendly College Application.
- Provide the official notifications directly from the website.
- Logins for the Students and Alumni according to their credentials.
- It can be downloaded by anyone for the circulars that are been in the website.
