

A Report on Frame Work for Students Information Retrieval

Dr.S.Zahoor-ul-huq, Professor and **K.V.Rameswara Reddy**, Assistant Professor of CSE department developed a “**Frame work for Student Information retrieval**” which is being currently used by all the students of the college and their parents.

This application is very useful for the students to know the information such as attendance, marks etc. The application is also useful for the parents to know the progress of their ward. They can just enter the roll number and date of birth and retrieve the information.

This application is very much user friendly and effective.
